Ah So....Thanks Pam, when one is being sucked into a twister, all emergencies look alike.

(I think I need to work on better metaphors)

Carl, Chris is referring to the R6/R9 coordination and planning meeting scheduled next week.  
Not the public meeting

I am sorry if we didn't get the info out to all of our folks that were potentially involved.

Yesterday we announced that we were rescheduling the 8/13 public meeting on Homestake and Grants Mining to be able to prioritize our response to the Gold Mine release.

Some side meetings will still take place: Sai will have a discussion with USGS, BVDA, & Dr. Meyers about background GW levels; Lisa (or Sai) will provide GW sampling data to residents.

Let me know if more clarification is needed

Due to the ongoing emergency response related to the Gold King Mine incident involving numerous staff members in Region 6, Region 9 and the Navajo Nation, we would like to respectfully request that the joint TRONOX meeting scheduled for August 19 and 20 be postponed. Many of the key TRONOX players are very involved in the GKM response and would not be able to attend the meeting next week.
